OMNIVISION AWARDED DELOITTE TECHNOLOGY FAST 500 FOR THE FIFTH CONSECUTIVE YEAR

SUNNYVALE, Calif. — December 14, 2005 — OmniVision Technologies, Inc. (NASDAQ: OVTI), the world's leading supplier of CMOS image sensors, announced today that for the fifth straight year it ranked on the Deloitte Technology Fast 500, a ranking of the 500 fastest growing technology companies in North America. Rankings were based on percentage revenue growth over the last five years. For the period from 2000–2004, OmniVision grew 690 percent.

“We are very proud to rank among the country’s fastest growing companies for the fifth consecutive year,” said OmniVision’s CEO, Shaw Hong. “Our growth is a direct result of having successfully turned our technology expertise into an impressive product portfolio that provides our customers with high performance image sensors.”

About OmniVision

OmniVision Technologies, Inc. designs and markets high-performance semiconductor image sensors. Its OmniPixel and CameraChip products are highly integrated single-chip CMOS image sensors for mass-market consumer and commercial applications such as mobile phones, digital still cameras, security and surveillance systems, interactive video games, PCs and automotive imaging systems. Additional information is available at www.ovt.com.

OmniVision, OmniPixel and CameraChip are trademarks of OmniVision Technologies, Inc.
